

Procedure for a Single Game Pass in Netball.

To bring in an unregistered player to fill in, your Club carries the responsibility of ensuring that they are both registered and covered by Netball Australia's personal injury insurance before taking to the court.

- 1. If your fill in player holds current 2024 Netball Victoria membership, they need only to register to your Club thru your unique PlayHQ registration link.**
- 2. If they do not hold current 2024 Netball Victoria membership, they need to purchase a single game voucher on Netball Connect thru your clubs' unique registration link. Once they have purchased that single game voucher, they can then be selected to your team list on PlayHQ in the fill in category.**

Depending on your fill in player's status, either process will ensure that they are registered to your club and will be covered by NA's personal injury insurance.
